

Hello,  
my name is Ms  
Vesna Cikovic

I am a Music Teacher,  
currently teaching in Malaysia  
not just Music, but Drama as  
well

# HOMELAND 1

I have two homelands, which is pretty cool. I was born in the place where East meets West, in Sarajevo, capital of a small country in the Southeast of Europe called Bosnia and Herzegovina. This country is well known for its mountains and rivers, amazing old bridges, winter sports, great food, Turkish coffee and friendly people.

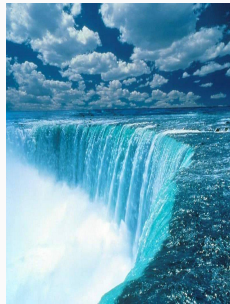

# HOMELAND 2

I am proudly Canadian as well. I moved to Toronto a long time ago. I cherish all Canadian values, deeply respecting the different ethnic, religious and racial groups.

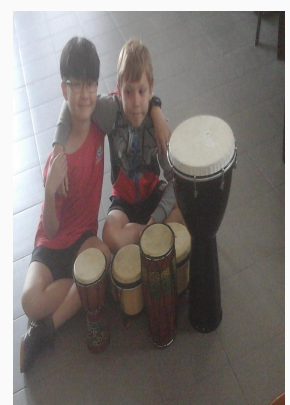

I looooooove Canadian autumn; all of those red and purple and orange colours which you can see just above. I love the Canadian lakes and power of the Niagara Falls. I cheer for *Raptors* and *Toronto Maple Leafs*.

Winter is really BRRR.....soooo cold and very long. Not funny at all . At least, not for me!

I have lived in 5 countries so far, and taught Music on 3 different continents. I met a lot of awesome 'little people'. We shared fun and learnt a lot from each other.

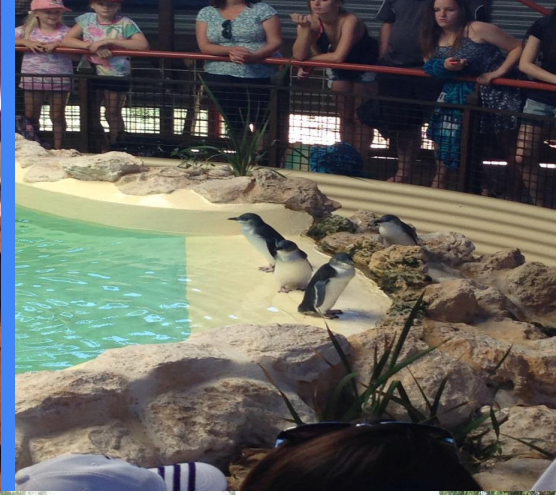

Having lived all over the globe, I met sooooo many wonderful people.  
Some of them will be are my friends forever

I haven't met only cool people.....

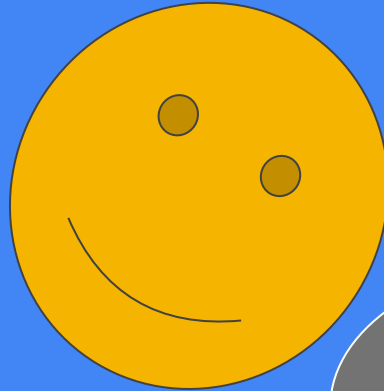

As you can see, I love to travel, to explore nature and different cultures. I love to read and chat with my friends. I have two homelands, but my real home is Southeast Asia, the place I will take with me wherever I go.

I look forward meeting you all soon. I cannot wait to find out more about you guys! I hope we will have a great journey of learning and big fun together!

Have a  
great  
summer!
